

## Dynamometer Testing and Tuning Release Authorization

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Phone: \_\_\_\_\_

E-mail: \_\_\_\_\_

Year: \_\_\_\_\_ Make: \_\_\_\_\_ Model: \_\_\_\_\_

Have you ran on the dyno before? YES NO

To what RPM do you authorize us to run the engine to in this session? \_\_\_\_\_

I \_\_\_\_\_ recognize, acknowledge and understand, that a dynamometer test of a vehicle is designed to measure power output by means of applying load resistance to the vehicle and measuring the vehicle's ability to overcome that load thereby calculating the power output of the vehicle. I further understand that this load will stress various components on the vehicle. I also understand that the dynamometer testing is designed to extract maximum potential from the vehicle's configuration and carries additional risks over testing. I accept the risks in total and hereby authorize High Velocity Motorsports to proceed with testing and tuning in ordinance with their recommendations and procedures.

I hereby authorize and release the above dynamometer test and/or service work to be done along with the necessary materials, parts, labor and hereby grant you and your employees, permission to operate the above vehicle herein described above in this document on chassis dynamometer, streets, highways, or elsewhere for purpose of testing. I hereby acknowledge and voluntarily release and forever demand, action, or right of action, of whatever kind of nature, either at law or equity, arising from or by reason for any bodily or personal injury, death, or property damage, known or unknown, resulting to or from any use of Dynojet Chassis dynamometer testing equipment.
